31.—Live Stock on Purchased Lands in the County of Ripon . . . . .	36		

# REPORT OF THE REGISTRAR GENERAL,

TRANSMITTING THE

## STATISTICS OF THE COLONY FOR THE YEAR 1855.

Registrar General's Office,  
Melbourne, November 22nd, 1856.

SIR,

In transmitting the accompanying Annual Statistical Returns of the Colony for the year 1855, in order to their being laid before the Legislature, it is proper to remark that the arrangement adopted in past years has been to some extent departed from on this occasion, by the omission of the returns of Revenue and Expenditure, and of Imports and Exports, &c., which, being annually presented to the Legislature by the Treasurer and the Commissioner of Trade and Customs, appear in their proper places among the printed papers of the session.

2. It will be seen, however, on the other hand, that with respect to a subject of great national importance—the Agricultural Statistics—the meagre return hitherto presented has been replaced by ample details descriptive of the acreage under each description of crop, the produce of the last harvest, and the number of cultivators in the several districts, counties, and parishes, together with a general summary for the whole colony.

3. I have deemed it my duty to carry out, as far as possible, the understood views of the late Legislative Council, by taking steps for ascertaining all the information required to complete the return of Agricultural Statistics as nearly as possible in the form appended to the Report of the Select Committee presented to the Council and ordered to be printed on the 7th February, 1856.

4. The returns of Live Stock afford most desirable information as to how far the supply of stock is keeping pace with the wants of the population.

5. Every precaution has been taken to secure the accuracy of the information thus arranged by a careful selection of trustworthy collectors, and by subjecting their returns, wherever it was found practicable, to the review of gentlemen acquainted with the several localities.

6. The success which has attended their exertions, has, in my opinion, been very considerable, in so far as relates to the completeness of the returns: the accuracy of the information itself, must, however, remain a matter of opinion, seeing that it is compiled

merely from statements voluntarily made by 4,312 cultivators of holdings of from one acre upwards throughout the whole colony. I am bound to add that, whatever doubt may be raised as to the accuracy of their estimates, there can be none whatever as to the general willingness which the collectors have experienced on the part of the cultivators to assist them in enquiries so important to the general interests of the community.

7. With the sanction of the Government, and in accordance with the suggestion of the Select Committee, it is proposed to resume the annual collection of these Statistics about the beginning of February. It had been my intention to recommend this collection to be made in the month of December next, through the agency of the sub-enumerators, but the census taking has been postponed, and it has become desirable, for other reasons, not to make any other material alteration in the system latterly pursued, and which appears on the whole to have worked successfully.

I have the honor to be,

Sir,

Your most obedient servant,

NORMAN CAMPBELL,

Registrar General.

To the Honorable the Chief Secretary,

&c., &c., &c.

## STATISTICS OF VICTORIA.

### No. 1.

#### POPULATION.

RETURN of the INCREASE and DECREASE of the POPULATION of the COLONY of VICTORIA during the year ending 31st December, 1855, and the Total Population on the latter date.

*(Not including Aborigines, who are estimated at about 2,500.)*

			Males.	Females.	Total.	GENERAL TOTAL.
Increase by Immigration	...	...	47,889	18,682	66,571	
Increase by Births	...	...	6,006	5,935	11,941	
Total Increase	...	...	53,895	24,617	...	78,512
Decrease by Departures	...	...	20,585	5,810	26,395	
Decrease by Deaths	...	...	4,163	2,440	6,603	
Total Decrease	...	...	24,748	8,250	...	32,998
Net Increase	...	...	29,147	16,367	...	45,514
Population on 31st December, 1854	...		178,024	95,841	...	273,865
Population on 31st December, 1855	...		207,171	112,208	...	319,379
